Employment

2008 - Present

Freelance Graphic Designer

I work with various clients on commissioned illustrations, websites, invitations, newsletters, flyers, and other designs on a per-project basis.

2008 - Present

English Teacher, Osaka English Academy

I teach part-time as a member of a small staff of English as a second language teachers for Japanese students. Taught basic elementary and conversational English to students ages 3-14. The environment is extremely fast-paced. High-energy, excellent speaking, and people skills are essential.

2006 - 2008

Graphic Designer, Uberprints

I was part of a cooperative team of artists. I assisted in the clean-up, design, color separation and digitizing of custom t-shirt designs for print using direct digital printing process, screen print, and embroidery.

2005 - 2006

Independent Promotion Representative, A.D.D. Marketing

I was promoted to this position after a successful internship. I led a college-based marketing effort for video game publishers Activision and Sony for several titles. Marketing efforts included holding demonstrations, booths, and other special events. I was in charge of one assistant.

2004 - 2005

Graphic Designer and Production Assistant, The Red & Black

I created print advertisements for clients in daily college-based independent newspaper. It was a very fast-paced and detail oriented work environment. I used QuarkXpress and Adobe Photoshop to create layouts. Some web publishing was also involved.
